SUPPLEMENTAL AMENDMENT

S I R:

In further response to the final Office Action dated February 3, 2003, applicants further amend their application as follows:

IN THE CLAIMS:

Kindly add the following new claims 33-40:

33. A near-field optical head according to claim 1; further comprising a through-hole formed in the slider and terminating in the microscopic aperture.

34. A near-field optical head according to claim 33; further comprising a light shielding layer covering the through-hole except for the microscopic aperture.
